

HAYWOOD BUILDERS

A TOP QUALITY, FRIENDLY
AND EXPERT SERVICE

Ian and Richard made an excellent job of redesigning the drive.

Not only was the preparation thorough and well planned on a difficult site but the use of heavy machinery was carefully thought out and organised to cause the minimum amount of disruption to neighbours and traffic on a busy main road.

Both were extremely responsible and trustworthy and I felt confident to leave them access to the property in my absence.

They also are meticulous in their attention to detail and design.

I unreservedly recommend their work.

J. Mansell.
