

HAYWOOD BUILDERS

A TOP QUALITY, FRIENDLY
AND EXPERT SERVICE

Dear Dave and Richard

Firstly we would like to say thank you for your attention to detail and hard work on our garage extension.

The overall finish is fantastic, the garage looks like it has been standing for years and blends in with the house and estate very well, this is what I wanted to achieve. The rebuilt wall just finished it all off.

Secondly we would like to thank you for being understanding of our family situation, with only having a week old baby when u started and communication was always really good.

I would like this opportunity to say, when are you going to take me out for breakfast that you promised?

Jess Dave Jacob and Phoebe
